Total acres of
proposed
project: _____

Acres of project
to be disturbed: _____

In accordance with **Chapter 107, Sec 107.3 (B) of the City of Springdale Code of Ordinances**, all construction sites where construction on a site will disturb soil or remove vegetation on one or more acres of land during the life of the construction project, an approved SWPPP for the project must be provided and implemented by the construction site owner as follows:

- 1) The area disturbed shall be assumed to include the entire property area unless all applicable plans specifically exclude certain areas from disturbance.
- 2) The SWPPP must be provided by the owner and submitted to the City for approval. Two (2) copies shall be submitted to the Planning and Community Development Division.
- 3) A review of the SWPPP submitted for the site will be completed and notification will be given of either an approval of the SWPPP or a request for revisions will be made. Construction activity, including any soil disturbance or removal of vegetation, **shall not** commence on the site until the construction plans and SWPPP are approved and the Grading Permit fee has been submitted.
- 4) The owner bears the responsibility for implementation of the SWPPP and for compliance of this ordinance. The owner shall notify all contractors and utility agencies working on site of the compliance requirements, and issue copies of the SWPPP to these parties.
- 5) A copy of the ADEQ NOI signed permit shall be required for all sites of one (1) acre or more.
- 6) With the completed Application Form, attach two (2) copies of the SWPPP in accordance with **Chapter 107, Sec 107.3 (D) of the City of Springdale Code of Ordinances**
- 7) With this application, a fee for each grading permit shall be made payable to the **City of Springdale** as follows with the exception of traditional agricultural uses for which the fee shall be waived:

<i>Total Project area</i>	<i>Fee</i>
Less than 1 acre	\$250.00
1 acre or greater	\$500.00
